MENTAL HEALTH SCHEME

Mental health street triage referral scheme; for known and unknown mental health patients residing within Oldham.

The scheme criteria:-

- mental health patients who are experiencing an episode
- who denote an AMBER pathfinder outcome can be considered for referral to the local RAID team

Call 07500100524, 24/7 for a clinician to clinician conversation. The RAID team will then seek to establish if the patient can be supported in their own home. NB: the RAID team may ask for conveyance to a local section 136 unit, or A&E where a member of the team will meet the patient, if the patient cannot be treated in their own home. Those patients who have already taken an overdose or self-harmed will still need transport as normal.

DIABETES SCHEME

Diabetes Referral Scheme >18 yrs+.

Patient who has had a hypoglycaemic episode, either in their own home or a public place.

Refer via NWS Support Centre Carlisle.

FALLS SCHEME

MENTAL HEALTH SCHEME

Out of hours mental health care and support

NWAS staff may encounter eligible patients directly or be requested to assist the police. The following criteria should be used to determine if the patient is eligible to attend the Sanctuary (CI308):

1. Is the incident located in the Manchester Royal Infirmary catchment area?
2. Is the patient suffering from a previously diagnosed mental health condition as their primary presentation?
3. The patient has not taken an overdose (excluding alcohol intoxication)?
4. The patient has no self harm injuries requiring treatment?
5. The patient has no red outcomes using pathfinder? (excluding initial mental health presentation in first box)
6. The patient consents to being seen at the Sanctuary

If criteria fulfilled, please call the Sanctuary on 07582 780933.

Patients should present no immediate risk to their self or others. Alcohol and drug consumption do not make a patient exempt from this service. However, they must have the capacity to engage with ambulance and/or police staff, be able to mobilise and self-care.

Patients who are suffering a panic attack or who are in an extreme panic state must be transferred directly to the nearest Emergency Department. If the referral is accepted, please advise EOC of your destination and transport the patient to the Sanctuary which is located on the ground floor of The Kath Locke Centre, 123 Moss Lane East, Manchester, M15 5DD. On arrival, staff should drive into the car park at the rear of the Kath Locke Centre and use the entrance to the rear of the building.

ATT/AVS SCHEME

Available 24 hours a day, 7 days a week all patients aged 5 years and above who are registered with a Bolton GP\GP practice and who exit either Pathfinder at AMBER or below or MTS FTF at 'Consider Primary Care' or below, can be referred to the local scheme on 0161 763 8538.

Calls will be answered in a timely manner, usually through warm transfer from call centre but in most cases within 15 minutes.

The scheme provider BARDoC will field calls in-hours and warm transfer the NWAS clinician to the patient's own GP and record the telephone referral. During the out of hours period BARDoC will transfer the call to one of their clinicians.

MENTAL HEALTH SCHEME

Available between 8pm and 6am, 365 days a day.

Alcohol and drug consumption do not make a patient exempt from this service. However, they must have the capacity to engage with police and ambulance crews, be able to mobilise and self-care. Patients who are suffering a panic attack or in an extreme panic state, must be transferred directly to the nearest ED. If it is believed that the patient fulfils ALL of the specified criteria (CI358):

1. Is the incident located in the Royal Bolton catchment area?
2. Is the patient over 18?
3. Is the patient suffering from a previously diagnosed mental health condition as their primary presentation?
4. The patient has not taken an overdose (excluding alcohol intoxication)?
5. The patient has no self harm injuries requiring treatment?
6. The patient has no red outcomes using pathfinder? (excluding initial mental health presentation in first box)
7. The patient consents to being seen at the Sanctuary

Patients should present no immediate risk to their self or others. Alcohol and drug consumption do not make a patient exempt from this service. However, they must have the capacity to engage with ambulance and/or police staff, be able to mobilise and self-care. Patients who are suffering a panic attack or in an extreme panic state must be transferred directly to the nearest Emergency Department. Please call the Sanctuary on the dedicated statutory services referral line on 0300 303 0581. If referral is accepted, the crew should advise EOC of their destination and transport The Sanctuary, within Bolton Young Persons Housing Scheme, Trinity House, Brightmet Street, Bolton, BL2 1BR.

4. The patient has not taken an overdose (excluding alcohol intoxication)?
5. The patient has no self-harm injuries requiring treatment?
6. The patient has no red outcomes using pathfinder? (excluding initial mental health presentation in first box)
7. The patient consents to being seen at the Sanctuary

Patients should present no immediate risk to their self or others. Alcohol and drug consumption do not make a patient exempt from this service. However, they must have the capacity to engage with ambulance and/or police staff, be able to mobilise and self-care.

Patients who are suffering a panic attack or in an extreme panic state must be transferred directly to the nearest Emergency Department.

Please call the Sanctuary on the dedicated statutory services referral line on 01942 410522. If referral is accepted, the crew should advise EOC of their destination and transport to Claire House, Phoenix Way, Wigan, WN3 4NW
